w a Hancock Elector was Chosen Indiana—Altoona's Hotel Burglary —The Number of Government Pensioners—Dreadful Dis-aster at Sea.

Ben. Husselton's Confession and How He Made it—Setting Fire to the Asylum Because His Supper was Cold.

The man arrested for setting fire to the St. Peter insane asylum remains in the county jail at St. Peter, Minn. He was visited there by a *Pioneer-Press* reporter, to whom he made a statement in the na-ture of a confession. His name is Ben for is that the naphtha under the female wing did not burn, and then I would have had them all, old Bartlett as well as the

them squirm when I was on top." The foregoing with many more blasphemous and incoherent expressions, was all that could be learned from the man himself, but the following facts were gather ed from other persons: Husselton, having been employed on some out-door work around the hospital, in the desire to finish the task was detained a little later than to the treasurer of the home and disbursed usual, and on returning to supper he found under the direction of the managers, who that his meal was cold and unpalatable. While eating he swore vengeance on the attendants and told the engineer, William proper discipline and good order among Pearce, that he would have revenge on them, if he had to burn down the whole hospital to obtain it. No attention ap-pears to have been paid to his threats and in a short time after the fire was discovered in the north wing. The maniac's stery that he used naphtha is confirmed by the statement of several firemen who were early on the ground, that they heard a dull explosion from the cellar. Immediately after his incarceration he informed his captor of the locality of the other can of naphtha under the female wing, which, by some providential circumstaners had failed to ignite, thereby saving the lives of hundreds of helpless female patients.

The Petition Answered.

Henry Lemon, a young man residing with his grandmother at the Temple, a little village five miles from Reading, was arrested last week on the charge of having robbed the old lady of some money and other valuables. While in the office of 'Squire Butz and before being taken to rived at Legore, having also been severely prison in default of bail, young Lemon became very much agitated and in piteous appeals declared his innocence of the crime & Co., and the Oncle-Joseph to the French saying that he hoped the Almighty would paralyze him and strike him dumb if he was guilty. Lemon, despite his protestations, was sent to jail and while there contains to listen. tined was stricken with paralysis. He was shortly after obtained bail and was taken to his house. The sudden and startling answer to his petition has created quite a sensation in the community where he

One Republican Elector Lost.

The error in the presidential election returns, whereby one Hancock elector is chosen from Indiana, seems to be beyond repair. Gen. Thomas W. Bennett, mayor of Richmond, withdrew from the ticket as elector of the Sixth district, Benjamin S. Parker being substituted in his place. On the returns, as collected by the marshals, Bennett receives 14,274 votes, enough to elect the Hon. D. W. Chambers, Democrat by a decided plurality. The Republican committee claims that no tickets were printed with Bennett's name on. but that election officers in the counties from which these votes come did not change the tally sheet, which had been prepared before the change. But in some nstances the votes of counties are divided between Bennett and Parker on the re turns, showing that Bennett tickets must have been voted. The counties in which the blunder was committed are Perry, Floyd, Bartholomew, Putnam and Wells Gov. Gray says he has no doubt that the people intended to elect the Republican electors, but it is too late now for local boards so correct these returns and the state canvassers must declare the vote as returned. They must be governed by the face of the returns. It is a stupid blunder, for which the Republican committees in the counties are responsible, and will lose Garfield one vote.

The Keresy Burglary. A Strange Linding to a Story of Stolen Money.

Altoona Tribune.

lated that the Keresy House, at Sixth avenue and Tenth street had been robbed of \$1,800. Mr. Keresy offered two detectives \$200 to recover the money. Yesterday morning they went to work and made a They tell the following story : It was evident from the first that the money had been taken either by some one in the house or by a person very well acquainted with the family. After looking through the building they questioned the elder lady, Mrs. Keresy. She was only certain of having lost three hundred and fifty dollars in fifty dollar bills. The detectives began work by search ing Mrs. Keresy, insisting during the operation that her husband should be away. Inside of her clothing they soon found

carefully hidden. After they were pulled out she refused to allow any further exmination of her person to be made. The detectives found some other money, but these fifty dollar bills were the ones she particularly described, and they believed it was not worth while to hunt fur-

ther. Though no information had been made, Mrs. Keresy was taken had before Alderman Rose and a hearing was instituted with the object of learning how the robbery was committed. No witnesses were subpossed, nor were Mr. and Mrs. Keresy or the brother of Mr. Keresy, who made statements to the alderman, sworn, and the stories told. though contradictory of other statements, threw no light upon the affair whatever. Mr. Keresy states that the money found on his wife was some other money, and that his wife is so much excited that she is not responsible for her sayings and ac-tions. The detectives, of course, claimed the reward for which they were working, but this was refused them by Mr. Keresy, who became much excited. The investigation will end here in the criminal pro-

of pensions shows that on the 30th of June last 250,802 persons were receiving pensions from the government. The pensions average \$103.34 each annually, an aggregate for all of \$25,917,906.60. Exclusive of the arrears the payments for the year amounted to \$37,046,185.89, of which \$12,-468, 191.20 was accrued pension in the new cases. The payment of arrears was begun in May, 1879. There was paid in May and June of that year \$3,933,386.63, and \$19,980,808.23 during the last fiscal year. The total amount paid out for pensions during the year-was \$57,026,994.12. Commissioner Bentley estimates that it will require upward of \$50,000,000 to pay the pensions for the current year. The number of cases in which arears of pensions has been allowed up to Nov. 1 is 48,917. The average in each case is \$560.15. Under the acts granting pensions on account of service in the war of 1812, 36,338 survivors and 40,020 widows presented claims; and 25,470 of the survivors and 29,893 widows have been pensioned. The total amount of money paid out for pensions for the last twenty years is \$455,718,505.70. There are about 2,450 pensioners residing at the various branches of the homes for disabled volunteer soldiers whose pensions annually amount to \$300,000, which had been paid

claim that this course is justified by the law and necessary in order to secur the inmates. The commissioner is of opin ion that the law does not provide for the payment of these pensions in this manner, and requests that the subject be brought to the attention of Congress, and the duties of the commissioner of pensions and managers of the home in relation to these pensions be more clearly defined. Legislation to authorize the payment of the pensions to the wives and children of insane or imprisoned invalid pensioners is recommended; also legislation to authorize the pensions of minor children to be commenced at the date of the last payment to the widow of the soldier in cases
